(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. (b) *Contractor Cybersecurity Supply Chain Risk Management Responsibilities.* The Contractor shall take all prudent actions and comply with all Government direction (as identified in paragraph (c)) to regularly identify, assess, monitor, and mitigate cybersecurity supply chain risks when providing covered articles or services affecting covered articles to the Government. The Contractor shall maintain artifacts that document its compliance with this paragraph and shall provide these artifacts to the Government within 48 hours of request.

(c) *Supporting Government Cybersecurity Supply Chain Risk Assessments.* The Government may perform a cybersecurity supply chain risk assessment at any time during contract administration to identify, assess, and monitor the cyber risks of the Contractor's supply chain. The Contractor agrees that the Government may, at its own discretion, perform on-site assessments to collect information for the cybersecurity supply chain risk assessment. In performing the cybersecurity supply chain risk assessment, the Government may review any information provided by the Contractor, along with any other information available to the Government from public, unclassified, classified, or any other sources. Examples of information that the Government may collect for the cybersecurity supply chain risk assessment includes the following:

2. The user environment where a covered article is used or installed.
3. The ability of a source to produce and deliver covered articles as expected.

12. Capacity to mitigate risks identified.
13. Factors that could lead to inability of the supplier to provide security updates.
14. Factors that may reflect upon the reliability of other supply chain risk information.
15. Any other considerations that would factor into an analysis of the security, integrity, resilience, quality, trustworthiness, or authenticity of covered articles or sources.

(d) *Non-Destructive and Destructive Testing.* The Government may engage in non-destructive and/or destructive testing of any information system, equipment, and software to determine whether it will negatively affect the security or performance of a Department of State information system.

For proposed novation agreements for this contract, the Contractor shall provide any information requested by the Government regarding the proposed successor's identity and information regarding its supply chain.

(f) *Software Bill of Materials (SBOM) Requests*. For software, within 10 business days of request by a Department of State representative, the Contractor shall submit a SBOM to a designated representative. This request may be requested on one (1) or more occasions and shall be delivered at no increase in contract price.

(g) *SBOM Sharing Notice*. The Contractor consents to the sharing of its SBOM data with other contractors, such as tool solution providers, for the sole purpose of mapping against known vulnerabilities.

For indefinite delivery contract vehicles, this self-attestation must be provided for all critical software available for ordering on the contract vehicle when the software is modified during the contract vehicle's ordering period of performance by a major version change. The Contractor shall either (i) post the new attestation in a publicly available internet location within 15 days of the major version change and provide the COR, or Contracting Officer if a COR is not appointed, with the internet link or (ii) shall contact the COR, or Contracting Officer if a COR is not appointed, and request the agency's current software self-attestation form and submit it to the Government within 15 days of the major version change. The self-attestation form will contain the following elements: (i) the software producer's name; (ii) a description of which product or products the statement refers to including the number of the major version change; and (iii) a statement attesting that the software producer follows secure development practices and tasks consistent with NIST Guidance.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

☐ (1) *Maintenance, calibration, or repair of certain equipment as described in FAR [22.1003-4](#)(c)(1).* The offeror ☐ does ☐ does not certify that-

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.
